We will fully support you to further enhance your ESG report or ESG disclosure, and assist you in addressing the enquiries raised relating to ESG disclosures during the IPO process.

Background Search and Due Diligence

Background check is a vital investigation process that a business or a person is expected to take before entering into any agreement or contract with another party with a certain level of standard.

Benefits of Background Search and Due Diligence

- Identify red flags before M&A and other corporate actions
- Gain insight into customers, employees and suppliers
- Fulfill regulatory compliance needs
- Minimize the exposure to reputational, financial and operational risks

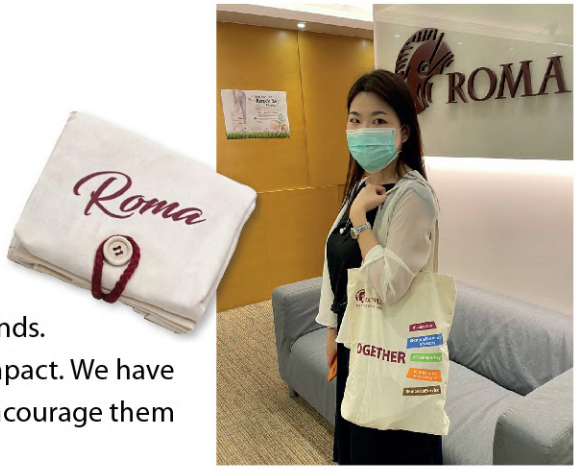
Applications of Background Search and Due Diligence

- Pre-Initial Public Offering (IPO) Due Diligence Background Search
- Mergers & Acquisitions (M&A) Due Diligence Background Search
- HR Pre-employment Screening and Senior Management Candidates Background Due Diligence
- Know Your Customers (KYC), Customer Due Diligence (CDD) and Suppliers Evaluation

Due diligence is a key aspect of mergers and acquisitions transactions as it involves a large monetary investment. We help both buyers and sellers to gather and confirm pertinent information on the background of the counterparty, such as financial health, reputation, background and history to ensure that there are no undisclosed negative matters or risks. This not only minimizes the risks of merging with or acquiring a fraudulent or disreputable business by gaining a thorough understanding of the company and stakeholders but also maximizes the success rate of completing the deal.

Corporate Social Responsibility

ROMA's Eco-Friendly Recycle Bag



Protecting the environment has always been one of ROMA's corporate social responsibilities. We are excited to present our eco-friendly recycle bag for our clients and friends. The fabric is unbleached so as to reduce environmental impact. We have also distributed the recycle bag to each of our staff and encourage them to adapt to a more sustainable lifestyle.

To reinforce our colleagues' environmental awareness and encourage "Bring-Your-Own-Bag" (BYOB) behaviour, we launched the **"Bring Your Own Recycle Bag" Campaign** on 4 June 2021. ROMA has made a donation of HK$100 for each participating staff. The total amount has been donated to Friends of the Earth (HK) (香港地球之友) to support their environmental initiatives. Friends of the Earth (HK) is a leading environmental advocate focuses on protecting our local and regional environment and is one of the most prominent green groups in Hong Kong.
